WELCOME TO...

## THE UK'S LARGEST SHOWROOM

FOR SALON AND BARBERSHOP FURNITURE

Here at Salon Equipment Centre, we are a family run business that have dedicated over 25 years to supporting salons & barbershops across the UK and internationally, in bringing their dream client spaces to life!

In 1993 Salon Equipment Centre started life as a used furniture store in the centre of Leicester, specialising in buying and refurbishing used salon & barbershop furniture. By 2000 Salon Equipment Centre had moved to a new premises, 6 times larger, to display the biggest choice of used and NEW salon & barber furniture in the UK with a choice of over 1000 products. Fast forward to 2021, and we have an even larger space, we've doubled the size of our distribution warehouse and workshop servicing department, working with another family run business who produce our high quality and exclusively designed furniture and we have completed our refurbishment of the UK's largest salon & barber furniture showroom, spread over 2 floors and housing more than 20 collections.

Our ethos is all about delivering premium quality products, excellent customer service and the ability to work with you to design your bespoke pieces for your salon & barbershop. The choice here is endless with the possibility to customise everything down to the very last detail! As well as our new ranges we are still masters in used salon & barber furniture and have a whole floor dedicated to just that which often features some of the biggest brands in the industry!
